Kimberly Van Auken  
Graduate Student Symposium  
Dept. of Molecular, Cellular & Developmental Biology  
University of Colorado at Boulder  
Porter Bioscience Bldg  
Campus Box 347  
Boulder, CO 80309-0347

Subject: The Self-Wiring Machine: Development and Functional Organization of Nervous Systems.

Date: April 16-18, 1993

Location: Boulder, CO

Dear Kimberly Van Auken,

The Scientific Director and CTR's staff have discussed your request for partial support of the conference named above. The program contains topics of interest to The Council, and the list of speakers ensures the scientific quality of the meeting. I am pleased to inform you that we will make a contribution of \$1,000 to help defray, in part, the costs of the conference. A check payable to The University of Colorado and annotated, "Development and Functional Organization of Nervous Systems", is enclosed for your attention.

It would assist in our record-keeping if we could have a short written acknowledgment of the contribution. We request only that these funds not be used to reimburse expenses incurred by participants from the industrial sector.

Sincerely,

  
George A. Hashim
